

THE INTELLIGENCE BRIEFING

God is looking to raise an army of ordinary men and women who will do the extraordinary job of changing the world. Yet, if this army is to succeed, it is imperative for each and every member to listen to their General, and find out what His specific agenda for them is. Each one must daily report to the General's tent, and receive their "Intelligence Briefing".

REMEMBER? The war is WON or LOST based on our ability to take instructions

Throughout August 2010, join us at Mavuno Downtown, and receive your daily intelligence briefing:

>> **THE CHALLENGE?** Receive a daily briefing from the book of Psalms during the month of August

>> **THE PLAN?** Read 5 chapters of Psalms a day

>> **THE GUIDE?** Use the guide below, and tick away as you complete your intelligence briefing for each day!
